

„Dedicated From The Beginning“

[Chorus]

Never give up no need to slow down.
From the first shot 'till the last burning hundreds.
Side by side let's get to the top.
Together we're dedicated from the beginning.

[Verse 1]

Got an invitation once in a year
It says: „records season's calling!“
Audience, vibes, unreachable cheer -
push us to the limit, we're all in
„one time a year springtime Family Dinner“
(1975) Nineteen-seven-five world class since the
beginning.

[Chorus]

Never give up no need to slow down
From the first shot to the last fifteenhundred.
Side by side let's get to the top.
Together we're dedicated from the beginning.

[Rap]

It's not just the wins; it's the thrill we feel,
The grit, the grind, the heat is real.
Fueled by passion, our hearts on fire.
Racing the clock, we'll never retire.

The mountains watch as we push through pain,
Every drop of sweat is another gain.
Bound by the moment, we give our all,
No room for fear, we rise, we fall.

Feet in position, the world fades away,
Breath held steady, nerves on display.
inhaling the moment, the heartbeats align,
The start of it all, the edge of the line.

Not only competition; it's a bond we share,
A battle of hearts in the open air.
Stories are told - Legends unfold (Roman)
Chasing the dreams reach for the gold.

[Cheer-up Part]

Never give up never give up no no
Side by side side by side

[Chorus]

Never give up no need to slow down
From the first shot 'till the last fifteenhundred.
Side by side let's get to the top.
Together we're dedicated from the beginning.

[Cheer-up Part]

Never give up never give up no no
Side by side side by side -
dedicated from the beginning.
